## SWEET TALK

The Gourmet Sugar Company offers a sweet alternative to the packet or cube with stylish sugar creations in a variety of shapes and flavors. The sugar seashells shown here are perfect for summer weddings, but there are over 20 other styles from which to choose, including wedding cakes, hearts, and roses. You can even order a custom design to match the theme of your occasion, plus select from flavor options such as cinnamon, peppermint, ginger, and vanilla bean. Best of all, these delicacies are made using only the finest organic sugar produced from 100% sugarcane juices as well as vegan sugar that goes through a 100% animal-free refining process. Pricing starts at \$6 for a 3oz. container and \$25 for a gourmet sugar sampler; [gourmetsugarco.com](http://gourmetsugarco.com).

## THE ART OF LOVE

Launched on Valentine's Day of this year, **Art Vows** are personalized works of art that display a couple's marriage vows amid vivid, full-color illustrations. Founder Michael Shapiro wanted to let all brides and grooms experience the beauty of signing a ketubah – a traditional Jewish marriage contract – on their wedding day. The ketubah can later be displayed in the home of the newlyweds to remind them of their promises to one another. Vows can be customized or selected from a variety of passages ranging from religious texts to Shakespearean sonnets, and with a gallery of over 100 designs created by various artists from which to choose, every couple can find a style that reflects the spirit of their new life together. \$100-350; [artvows.com](http://artvows.com), 888.412.3590. (Shown here: "Growing Together" by Dafna Jalón)

## GIRL'S CLUB

Celebrity stylist Cher Coulter has teamed up with stylish actress Kate Bosworth to create an exclusive online jewelry club called **Jewel Mint**. Each member receives a new piece of jewelry every thirty days for a monthly fee, plus style tips, a weekly trend report, and exclusive behind-the-scenes peeks. Clients start the process with a fun style quiz that allows the Jewel Mint team to make personalized selections each month based on predetermined preferences. With free shipping and a no-hassle return policy, the service is perfect for a bride-to-be looking to round out her wedding wardrobe or present her attendants with a gift that keeps on giving. \$29.99/month; [jewelmint.com](http://jewelmint.com), 888.258.3339.

## DESIGNED BY YOU

Can't find the right dress for your bridal party? Faythe and Sarah Dornink have the solution: design one yourself. The duo recently launched **Design Studio by Dornink**, an online service that allows brides to create the bridesmaid dresses of their dreams. You select every detail, including style of neckline, bodice, and skirt, as well as fabric, color, and accessories; when your design is complete, a price quote appears at the bottom of the page. The dress can then be created and shipped to you directly from the Dornink Studio, or the image can be emailed to a seamstress of your choice. Discounts are available for multiple orders. Pricing based on design; [dornink.com](http://dornink.com), 515.255.7528.
